## Product Description

### Product Description:

Introducing our versatile collection of Other Polyurethane Foamed Products, perfect for a wide range of applications. One of our popular products in this category is the PU Foam Dog Mat, available in a variety of colors including Black and other custom options. Made from high-quality PU foaming material, these products are designed to provide comfort and support for your furry friends. The PU foam material offers excellent durability and resilience, ensuring long-lasting performance even with daily use. Our PU Foam Dog Mat is also available in an ESD version, with system resistance ranging from 10E5 to 10E8  $\Omega$ . This feature makes it suitable for environments where electrostatic discharge protection is necessary, providing added safety and peace of mind. For businesses looking to enhance brand visibility, we offer the option for custom logos to be added to the PU Foam Dog Mat. This customization option allows you to showcase your logo or brand message prominently, making it ideal for promotional purposes or creating a unique corporate identity. As part of our commitment to sustainability, the PU Foam Dog Mat is eco-friendly, ensuring that it meets environmentally conscious standards. By choosing our eco-friendly products, you can contribute to reducing your carbon footprint and promoting a greener future. Whether you are looking for a comfortable resting place for your pets or a promotional tool for your business, the PU Foam Dog Mat offers the perfect combination of functionality and style. Explore our range of colors and customization options to find the ideal solution for your needs.

### Applications:

When it comes to versatile and high-quality PU foam craft products, the BER-0102 from BER is a top choice for various application occasions and scenarios. With SGS/EN71 certification and originating from China, this product meets international standards for safety and quality.

The BER-0102 is ideal for a wide range of uses, making it suitable for different industries and purposes. Whether you need PU foaming goods for promotional events, corporate giveaways, or retail products, this versatile item fits the bill perfectly. Its heat-resistant properties make it suitable for use in different environments, ensuring durability and longevity.

With a system resistance of 10E5 —10E8  $\Omega$ , the ESD version of the BER-0102 is perfect for electronics manufacturing and assembly,

providing protection against electrostatic discharge. The non-toxic and eco-friendly nature of this product makes it safe for various applications, including children's toys, office supplies, and household items. Businesses looking to customize their PU foam products will appreciate the options available with the BER-0102. Whether you prefer a debossed logo, CMYK imprinting, laser engraving, or offset imprinting, this product allows for branding flexibility to suit your needs. With a minimum order quantity of 500pcs and a price of USD20, the BER-0102 offers great value for money. Flexible payment terms including L/C, T/T, Western Union, and MoneyGram make it convenient for businesses to place orders. With a supply ability of 10000pcs per month and delivery time according to customer requests, you can rely on a steady and timely supply of this product. Each BER-0102 is carefully packaged in 1pc opp bags for convenience and protection during shipping and storage. Whether you are in need of PU foam craft products for events, promotions, or everyday use, the BER-0102 is a reliable choice that ticks all the boxes for quality, safety, and customization options.
