

Polyurethane PU Foaming Products Durable Fire Resistant

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: BER
- Certification: SGS/EN71
- Model Number: BER-0102
- Minimum Order Quantity: 500pcs
- Price: USD20
- Packaging Details: 1pcs an opp bags
- Delivery Time: According to customer request
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per month

Product Specification

- Heat Resistant: Yes
- Custom Logo: Available
- Logo: Any Design As Customer's Request
- Color: Customized
- Water Absorption: Low
- Elongation: High
- Attachment: Clothes And Some Plastic Holder
- Usage: Insulation, Cushioning, Sealing
- Highlight: **Durable PU Foaming Products,
Fire Resistant PU Foaming Products,
Durable Polyurethane Foaming Products**

Product Description

Product Description:

Discover the versatility and functionality of our Other PU Foaming Products, a part of our extensive Polyurethane Foam Assortment. These products are tailored to meet your specific needs, with a customized shape that ensures a perfect fit for your intended application. With high elongation properties, our Other PU Foaming Products provide flexibility and resilience, making them ideal for applications that require durability and resistance to wear and tear. Whether you are looking for protective gear during skilling activities or motorcycle skating, these products offer the performance you need.

In addition to their impressive physical properties, our Other PU Foaming Products are also flame retardant, giving you an added layer of safety and protection. This feature ensures that the products can withstand high temperatures and resist combustion, making them suitable for a wide range of applications where fire safety is a concern.

Furthermore, our Other PU Foaming Products have low water absorption rates, making them ideal for use in environments where moisture resistance is essential. This characteristic ensures that the products maintain their structural integrity and performance even when exposed to damp or humid conditions, prolonging their lifespan and usability.

Whether you are looking for Other Products with Polyurethane Foam or Other Products containing PU Foam, our range of Other PU Foaming Products is designed to meet your requirements. With a focus on quality, performance, and customization, these products offer a reliable solution for various applications.

Features:

Product Name: Other PU Foaming Products

Elongation: High

Temperature Resistance: -40 To 100

Hardness: 20-80 Shore A

Usage: Insulation, Cushioning, Sealing

Color: Customized

Technical Parameters:

Shape	Customized
Flame Retardant	Available
Color	Customized
Custom Logo	Available
Flexibility	According To Customer Request
Temperature Resistance	-40 To 100
Water Absorption	Low
Elongation	High
Logo	Any Design As Customer's Request
Material	Polyurethane

Applications:

When it comes to versatile and high-quality foam products, the BER-0102 from BER is a top choice in the market. With SGS/EN71 certification and originating from China, this product guarantees safety and reliability for various applications.

The product is ideal for a wide range of occasions and scenarios due to its unique properties. Whether used in industrial settings, commercial projects, or personal DIY tasks, the BER-0102 serves as a dependable solution for many needs.

Its minimum order quantity of 500pcs makes it suitable for both small-scale and large-scale projects, ensuring flexibility in procurement. Priced at USD20, this product offers excellent value for its quality and features.

Accepted payment terms including L/C, T/T, Western Union, and MoneyGram make purchasing the BER-0102 convenient and accessible. With a supply ability of 10000pcs per month, customers can rely on a consistent availability of this product.

Delivery time is tailored according to customer requests, allowing for efficient and timely fulfillment of orders. Each piece is carefully packaged in 1pcs an opp bags, guaranteeing protection during transit and storage.

The customizable shape and color options of the BER-0102 enable users to achieve their desired aesthetic and functional requirements effortlessly. With heat-resistant properties and low water absorption, this product excels in diverse environmental conditions.

Furthermore, the availability of custom logo printing adds a personal touch to the BER-0102, making it a great choice for branding and promotional purposes.

Support and Services:

Our product technical support team is dedicated to assisting customers with any issues related to our Other PU Foaming Products. Whether you have questions about product specifications, usage instructions, troubleshooting, or any other technical inquiries, our team is here to help.

In addition to technical support, we also offer a range of services to ensure that our customers have a seamless experience with our products. These services may include product installation, maintenance, repair, and training programs to help you get the most out of your purchase.

Packing and Shipping:

Product Packaging:

Our Other PU Foaming Products are carefully packaged to ensure their safety during transit. Each product is wrapped securely in bubble wrap and placed in a sturdy cardboard box to prevent any damage.

Shipping:

We offer fast and reliable shipping for all orders of our Other PU Foaming Products. Orders are typically dispatched within 1-2 business days and delivered to your doorstep in a timely manner. We work with trusted shipping partners to ensure a smooth delivery process.
