Basic Information

- Place of Origin: China

Product Specification

- Durable: Yes
- Weight Capacity: 300 Lbs
- Swivel: Yes
- Caster Wheels: Yes
- Adjustable Height: Yes
- Size: Adjustable
- Material: PU Leather
- Ergonomic Design: Yes
- Highlight: **300 Lbs Weight Capacity Anti Static Lab Chair,
Caster Wheels ESD Lab Chair,
Footrest PU Lab Chair**

Product Description

Product Description:

One of the key highlights of this ESD Lab Chairs is its antistatic properties, which ensure a safe and secure working environment by preventing the buildup of static electricity. The chair's ability to dissipate static charges makes it an essential piece of equipment for industries where ESD protection is critical.

Constructed with high-quality PU leather, this ESD Lab Chair combines durability and style to offer long-lasting performance. The sleek black color adds a touch of sophistication to any workspace, making it a versatile choice for various settings.

With a built-in footrest, this Anti Static Lab Chair provides added support and comfort during long hours of work. The footrest helps reduce strain on the legs and promotes better posture, enhancing overall productivity and well-being.

Moreover, the adjustable height feature of this ESD Lab Chairs allows users to customize the chair according to their preferences and requirements. Whether you need to sit at a higher or lower position, the adjustable height mechanism ensures a personalized seating experience for optimal comfort.

In addition to its functional design, the PU Lab Antistatic Chair is easy to maintain and clean, making it a practical choice for busy work environments. The PU leather material is resistant to spills and stains, ensuring that the chair retains its pristine appearance even after extended use.

Overall, the PU Lab Antistatic Chair stands out as a premium seating solution that combines ergonomic design, ESD protection, and durability in one versatile package. Whether you work in a laboratory, cleanroom, or industrial environment, this Anti Static Lab Chair is the perfect choice to enhance your workspace and elevate your seating experience.

Features:

Product Name: PU Lab Antistatic Chairs

Armrests: Yes

Footrest: Yes

Model: PU-AC-001

Durable: Yes

Color: Black

Technical Parameters:

Weight Capacity	300 Lbs
Adjustable Height	Yes
Armrests	Yes
Ergonomic Design	Yes
Antistatic	Yes
Durable	Yes
Swivel	Yes
Easy To Clean	Yes
Color	Black
Size	Adjustable

Applications:

The PU Lab Antistatic Chair is a versatile and reliable seating solution specifically designed for environments where electrostatic discharge protection is crucial. With its origins in China, this Anti Static Lab Chair boasts a robust construction that can support weights of up to 300 lbs, making it suitable for a wide range of users.

The adjustable size of the chair ensures that it can be tailored to individual preferences and requirements, providing a comfortable seating experience for extended periods of time. The chair's adjustable height feature further enhances its versatility, allowing users to easily find the optimal position for their workspace.

In laboratories and other settings where precision and focus are essential, the PU Lab Antistatic Chair excels. Its built-in footrest offers additional support and comfort, reducing strain on the legs during long hours of work. The swivel function adds convenience and flexibility, enabling users to easily reach different areas without needing to get up from the chair.

Product Application Occasions and Scenarios:

Research Laboratories: Ideal for scientists, technicians, and researchers who require a reliable and comfortable seating option in environments where electrostatic discharge protection is critical.

Manufacturing Facilities: Suitable for use in manufacturing plants where static control measures are necessary to prevent damage to sensitive equipment and components.

Clean Rooms: The anti-static properties of the chair make it a perfect choice for clean room environments where electrostatic discharge can compromise the integrity of delicate processes.

Technical Workstations: Perfect for use in technical workspaces where adjustable height and swivel functionality are essential for efficient workflow and task completion.

Customization:

Enhance your workspace with our Anti Static Lab Chair featuring a sleek design and advanced functionality. Originating from China, this ESD Lab Chair boasts antistatic properties, ensuring a safe and efficient working environment. Crafted from high-quality PU Leather, this chair combines durability with comfort. Its ergonomic design and armrests offer optimal support, promoting proper posture and reducing strain. Complete with a convenient footrest, our Anti Static Lab Chair is the perfect choice for your lab or workspace customization needs.

Support and Services:

Our PU Lab Antistatic Chairs come with comprehensive product technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to provide assistance with any technical issues or questions that may arise during the use of the chairs. Our services include product installation guidance, troubleshooting support, and maintenance recommendations to extend the lifespan of the chairs. We are committed to delivering top-notch technical support to meet the needs of our customers and enhance their overall experience with our products.

Packing and Shipping:

Product Packaging for PU Lab Antistatic Chairs: -----
Each chair is carefully wrapped in protective plastic and placed in a sturdy cardboard box to prevent any damage during transit. The packaging is designed to ensure the chairs arrive in perfect condition.
Shipping Information:
Our PU Lab Antistatic Chairs are shipped via reputable courier services to ensure timely and secure delivery. Customers will receive a tracking number to monitor the status of their shipment. Shipping times may vary depending on the destination.

FAQ:

- Q: Where are the PU Lab Antistatic Chairs manufactured?**
A: The PU Lab Antistatic Chairs are manufactured in China.
- Q: Are the PU Lab Antistatic Chairs suitable for use in laboratories?**
A: Yes, these chairs are specifically designed for use in labs and other environments where antistatic properties are required.
- Q: What is the weight capacity of the PU Lab Antistatic Chairs?**
A: The weight capacity of these chairs is X pounds/kilograms.
- Q: Can the height of the PU Lab Antistatic Chairs be adjusted?**
A: Yes, these chairs come with adjustable height features to ensure comfort and versatility.
- Q: Do the PU Lab Antistatic Chairs come with a warranty?**
A: Yes, these chairs come with a XX-year warranty for your peace of mind.
