

Comfortable and Durable PU Lab Antistatic Chair with 300 Lbs Weight Capacity and Model PU-AC-001

Basic Information

- Place of Origin: China

Product Specification

- Armrests: Yes
- Ergonomic Design: Yes
- Model: PU-AC-001
- Color: Black
- Weight Capacity: 300 Lbs
- Swivel: Yes
- Size: Adjustable
- Caster Wheels: Yes
- Highlight: **300 Lbs Weight Capacity PU Lab Antistatic Chair**
, Model PU-AC-001 ESD Lab Chair,
Comfortable Anti Static Lab Chair

Product Description

Product Description:

The PU Lab Antistatic Chairs, also known as ESD Lab Chairs or Anti Static Lab Chairs, are an essential addition to any laboratory or workspace requiring static control measures. With a weight capacity of up to 300 lbs, these chairs are not only sturdy and durable but also designed to provide comfort and support during long hours of work.

The PU Lab Antistatic Chairs are equipped with features that make them easy to clean, ensuring a hygienic work environment. The smooth PU material of the chairs can be easily wiped down with a damp cloth, helping to maintain cleanliness and prevent the buildup of dust and contaminants.

Model PU-AC-001 of the ESD Lab Chairs offers adjustable height settings, allowing users to customize the chair to their preferred seating position. This feature is particularly useful in environments where multiple individuals may be using the same chair, as it ensures ergonomic comfort for each user.

Furthermore, the inclusion of caster wheels on the PU Lab Antistatic Chairs enhances mobility and maneuverability within the workspace. The wheels allow users to easily move around the laboratory or workspace without the need to constantly get up from the chair, promoting efficiency and productivity.

Whether used in a research facility, testing laboratory, electronics manufacturing plant, or any other environment where static control is crucial, the PU Lab Antistatic Chairs provide a reliable seating solution. Their durable construction, easy-to-clean design, adjustable height, and caster wheels make them a practical choice for professionals seeking comfort and functionality in their workspace.

Features:

Product Name: PU Lab Antistatic Chairs

Weight Capacity: 300 Lbs

Footrest: Yes

Durable: Yes

Caster Wheels: Yes

Swivel: Yes

Technical Parameters:

Swivel	Yes
Ergonomic Design	Yes
Weight Capacity	300 Lbs
Armrests	Yes
Durable	Yes
Model	PU-AC-001
Material	PU Leather
Color	Black
Footrest	Yes
Easy To Clean	Yes

Applications:

The PU Lab Antistatic Chairs (Model: PU-AC-001) are specially designed for use in environments where electrostatic discharge (ESD) protection is crucial. These anti-static lab chairs are an ideal choice for laboratories, cleanrooms, manufacturing facilities, and any workspace where sensitive electronic equipment is handled.

Originating from China, these chairs are crafted with an ergonomic design to provide maximum comfort and support during long hours of use. The inclusion of armrests further enhances the user's comfort and helps maintain proper posture. The caster wheels ensure smooth mobility, allowing users to move around the workspace with ease.

Whether you are working in a research lab, testing facility, or production line, the PU Lab Antistatic Chairs offer a versatile solution for various applications. The swivel feature adds flexibility, enabling users to easily reach different areas without straining themselves.

ESD lab chairs are essential for environments where static electricity can damage sensitive equipment or affect the quality of research or production processes. The PU Lab Antistatic Chairs provide a reliable solution to mitigate the risks associated with static discharge, ensuring a safe and efficient workspace.

With their durable construction and anti-static properties, these chairs are suitable for a wide range of scenarios, including electronics manufacturing, pharmaceutical labs, biotechnology facilities, and more. Investing in high-quality anti-static lab chairs like the PU-AC-001 model is a smart choice to protect both your employees and your valuable equipment.

Customization:

Product Customization Services for the PU Lab Antistatic Chairs:

Place of Origin: China

Footrest: Yes
Weight Capacity: 300 Lbs
Model: PU-AC-001
Material: PU Leather
