

Black PU Lab Antistatic Chair with Swivel Feature and Durable PU Leather for ESD-Sensitive Environments

Our Product Introduction

For more products please visit us on pufoammanufacturing.com

Basic Information

- Place of Origin: China

Product Specification

- Weight Capacity: 300 Lbs
- Adjustable Height: Yes
- Color: Black
- Ergonomic Design: Yes
- Antistatic: Yes
- Armrests: Yes
- Easy To Clean: Yes
- Footrest: Yes
- Highlight: **Black PU Lab Antistatic Chair,
Swivel Feature ESD Lab Chair ,
Durable PU Leather Anti Static Lab Chair**

Product Description

Product Description:

The PU Lab Antistatic Chairs are a must-have for any laboratory or workspace where static electricity poses a risk to sensitive equipment and materials. These chairs are specifically designed to prevent the buildup of static electricity, making them ideal for use in ESD-sensitive environments.

With a footrest, armrests, and swivel feature, these Anti Static Lab Chairs offer both comfort and functionality. The footrest allows users to rest their feet while working, promoting better posture and reducing fatigue. The armrests provide additional support for the arms and shoulders, reducing strain during long periods of sitting. The swivel feature allows users to easily move around their workspace without having to constantly get up from the chair.

One of the key highlights of the PU Lab Antistatic Chairs is their ergonomic design. These chairs are built with the user's comfort and health in mind, featuring adjustable height and tilt mechanisms to promote proper posture and reduce the risk of musculoskeletal issues. The ergonomic design of these ESD Lab Chairs ensures that users can work comfortably for extended periods without experiencing discomfort or fatigue.

Furthermore, the PU Lab Antistatic Chairs have a weight capacity of 300 lbs, making them suitable for a wide range of users. Whether you are conducting experiments in a laboratory setting or working on delicate electronic components in a manufacturing environment, these chairs can support individuals of varying sizes and weights.

In summary, the PU Lab Antistatic Chairs are a versatile and practical seating solution for environments where static electricity control is essential. With their footrest, armrests, swivel feature, ergonomic design, and weight capacity of 300 lbs, these chairs offer comfort, functionality, and support for users in ESD-sensitive settings. Invest in the PU Lab Antistatic Chairs today to enhance the safety and efficiency of your workspace.

Features:

Product Name: PU Lab Antistatic Chairs

Ergonomic Design: Yes

Size: Adjustable

Footrest: Yes

Caster Wheels: Yes

Easy To Clean: Yes

Technical Parameters:

Footrest	Yes
Size	Adjustable
Armrests	Yes
Color	Black
Swivel	Yes
Durable	Yes
Ergonomic Design	Yes
Adjustable Height	Yes
Weight Capacity	300 Lbs
Easy To Clean	Yes

Applications:

The sleek black color of the Anti Static Lab Chair complements any laboratory or workspace decor, adding a professional touch to the environment. The ergonomic design of the chair ensures that users can sit comfortably for extended periods, promoting productivity and minimizing fatigue. With a weight capacity of 300 lbs, these ESD Lab Chairs are suitable for a wide range of users, making them versatile and practical.

In addition to their ergonomic benefits, these chairs are highly durable, ensuring long-lasting performance even in demanding lab environments. Whether used in research facilities, testing laboratories, cleanrooms, or manufacturing plants, the PU Lab Antistatic Chairs offer a reliable seating solution for professionals who require ESD protection.

The Anti Static Lab Chair is particularly well-suited for tasks that involve sensitive electronic components, as it helps prevent static buildup that could potentially damage equipment. With their sturdy construction and ESD-safe design, these chairs provide a secure and comfortable seating option for technicians, engineers, and researchers working in ESD-sensitive environments.

Overall, the PU Lab Antistatic Chairs (Model: PU-AC-001) offer a perfect blend of functionality, durability, and comfort, making them an excellent choice for various product application occasions and scenarios where ESD protection is paramount.

Customization:

Customize your ESD Lab Chairs with our Product Customization Services:

- Place of Origin: China
- Easy To Clean: Yes
- Adjustable Height: Yes
- Ergonomic Design: Yes
- Weight Capacity: 300 Lbs
- Swivel: Yes

Support and Services:

Our Product Technical Support and Services team for PU Lab Antistatic Chairs is dedicated to providing assistance with any technical issues or questions you may have regarding the product. Whether you need help with assembly, maintenance, or troubleshooting, our team is here to help.

We also offer additional services such as on-site support, product training, and customization options to ensure that the PU Lab Antistatic Chairs meet your specific needs and requirements.

Packing and Shipping:

Product Packaging:

Each PU Lab Antistatic Chair is carefully wrapped in protective foam and plastic packaging to prevent any damage during transportation. The chair components are securely placed in a cardboard box with clear labeling for easy identification.

Shipping:

Our PU Lab Antistatic Chairs are shipped using a reliable courier service to ensure prompt delivery to our customers. Each package is tracked to provide real-time updates on the shipping status and expected delivery date. We take great care in packaging and handling to guarantee that your chair arrives in perfect condition.

FAQ:

Q: Where are the PU Lab Antistatic Chairs manufactured?-----

A: The PU Lab Antistatic Chairs are manufactured in China.

Q: Are the PU Lab Antistatic Chairs suitable for use in laboratories?

A: Yes, the PU Lab Antistatic Chairs are designed specifically for laboratory use.

Q: Do the PU Lab Antistatic Chairs help in reducing static electricity?

A: Yes, these chairs are antistatic, which helps in reducing static electricity buildup.

Q: What is the weight capacity of the PU Lab Antistatic Chairs?

A: The weight capacity of these chairs is [insert weight capacity here].

Q: Can the height of the PU Lab Antistatic Chairs be adjusted?

A: Yes, these chairs come with adjustable height features for added comfort and convenience.
